

Willy Fabritius – Global Head of Strategy & Business Development, SGS

Willy has a MSc in Computer Science. For more than 25 years, Willy has held management positions with organizations in the private sectors. His experience in the Management Systems goes back to 1994 when he implemented an ISO 9002:1994 QMS at a Stamping Facility in Germany which got certified in less than 12 months.

Willy has conducted several thousands of audits to a variety of standards: ISO 9001, ISO 27001, CSA-STAR, ISO 27701, ISO 22301 and has audited multiple fortune 100 organizations to these standards. Willy has worked for several global Certifications Bodies and delivered audits in APEC, Africa, Europe and the Americas. He also gave presentations and spoke at several global events.

Willy joined SGS as the Global Head for Strategy and Business Development - Information Security Assurance in 2021.
